# Township of Holmdel

As we usher in a New Year, we first want to thank you for the privilege of serving as your Township Committee!

This year has certainly been historic, if not challenging. Because of COVID-19 we have all been forced to make dramatic changes to our daily lives. But, as always, we have come together to help one another, and with all of us pulling together we can tackle our toughest challenges.

Despite the pandemic, we were still able to achieve some significant goals in 2020. We paved more roads than in previous years making travel in Holmdel safer and easier. The turf field project at Phillips Park was completed, affording our children recreation opportunities that they have never had before. We enhanced emergency communication by wrapping up the Township's radio upgrade project. And we broke ground on a brand-new, state of the art firehouse in the center of town.

We encourage our residents and businesses to continue to stay safe and strong, and have a happy holiday season!

Best Regards,

**Mayor Greg Buontempo and the Township Committee**
